

Pre-visit questionnaire

Helping you prepare
your students to
get the most out of
our visit.

Our presentation works stand-alone but it's better if your students have some background knowledge before they meet the Israeli and Palestinian speakers. We partner with Parallel Histories who provide educational resources which teach the history of the conflict. They use a dual narrative approach which reflects our shared belief that there's no possibility of progress until you understand both sides on their own terms and in their own words.

Every school is different and we can tailor your pre-visit preparation sessions to suit your needs. For example, we can orient the preparatory work towards:

- ◆ Religious Studies/History/Geography or Citizenship
- ◆ ensure it is age appropriate
- ◆ tie in to where you are in your year's syllabus
- ◆ and most importantly tailor the work to fit the time you will be able to find for this
