

## FREELANCE SCHOOL WORKSHOP FACILITATORS

### About SNS:

Solutions Not Sides is an education programme on the Israeli-Palestinian conflict that exists to provide humanising encounters, diverse narratives and critical-thinking tools in order to empower young people with the knowledge, empathy and skills to promote dialogue and conflict resolution, and to challenge prejudice in the UK. We run workshops in British secondary schools and communities across the UK providing teenagers face-to-face encounters with speakers from Israel and Palestine. In these workshops, attitudes are shifted towards seeking solutions. Our workshops enable young people to find a place of solidarity and common ground, while developing the capacity to embrace and celebrate diversity, and the skills to navigate difference and conflict.

### Rationale:

Due to the COVID19 crisis, SNS has been unable to run its usual model of one-week tours visiting schools across the country in various cities with Israeli and Palestinian speakers. - **London\***
- **Midlands\***

We are seeking up to two people for each area.

\*We will be prioritising applications for people in these areas.

- Closing presentation
- Aims of the session:
  - To provide a humanising encounter between British youth and their Israeli and Palestinian peers
  - To model respectful disagreement of views
  - To provide a safe space for students to discuss the topic of the Israeli-Palestinian conflict and ask questions
